## Testimonials

### Carlin Healey, Parent

"I love that the kindergarteners are learning Bible verses and how to apply them to every day life. Along with teaching letters and numbers, the teacher does a good job incorporating faith with academics."

### Alyssa Heller, Parent

The kindergarten program at Heritage has been such a blessing. It is hard to believe how quickly our daughter has learned her letters and applied it to reading. The teachers are loving and supportive, aspects that are encouraged by the administration and supported by the low teacher to student ratio. The positive socialization she gets with the other students is very apparent and such an important piece of schooling. But most importantly, she is learning God's love in every lesson and interaction.
